書名：When bad things
happen to good people

作者：Harold S. Kushner

【推薦原因】

It is a must read for anyone who tries to blame God for the bad things that happen in his/her life. Reading it helps clarifying all the doubts and confusion people have towards God because it explains why bad things happen in life. The conclusion of the book tells us that God will not simply make all the problems disappear, but He will always be with us in the midst of our pain.
